### TASTING NOTES

<b>Colour:</b>	Yellow straw to pale gold.
<b>Bouquet:</b>	Lifted aromas of honeyed fruits of peach and pear.
<b>Palate:</b>	The pallet is full and sweet. The sweet, ripe, soft fruit flavours leave a lovely lingering aftertaste.
<b>Cuisine:</b>	Asian foods, like curry and noodle dishes, also beautiful with sushi and white meat dishes.
<b>Fruit:</b>	The fruit picked for this wine is left on the vine until late in the ripening season to develop natural ripeness and natural sugar contents. The grapes are carefully selected from certain blocks that attract the highest level on sunlight to aid the ripening process.
<b>Winemaking:</b>	Processed in the cool of the evening, the grapes were immediately pressed from their skins, to retain maximum freshness from this ripe fruit. The juice was then fermented slowly and at a cool temperature to protect the delicate fruit flavours. The wine was carefully matured in stainless steel tanks and held back for release until the fruit flavours were showing at their best.
